1. I love you I give you me.

2. My thinking changes the world, or is it my surrender -- that has taught me that I am many things available for sorrow, not; not to afford itself in to me again or bore its way into my thinking my root worms shall not be there for I shall have eradicated them for I have planted only GOOD SEED, and I know my "farming community" loves me, not; but what have I been? Farmed or forming or forming a farm or was other, farming me? Or forming me, by its mind, its image bearing device marks on me?

3. I love you all to know these things and ETCH not your MARK upon me please for you will not have the POWER to do that anymore ever again for I recognize you, and your torment, your towers of strength, and your "torrential rain flow" not, but I bring A Great Deal now! Of rain flow of the LATTER, of the Second that becomes The First! And the Latter'd rain now will flow and in YOUR MEMORY all things will be made whole, for IN SURRENDER the flow of love is made whole -- healed and well and flowing now YOUR HEALING does -- COME FORTH now and know the healing blessing of the most high made well, and flowing MANY HEALINGS now shall we?

4. **Be Made Whole School flows a WHOLE NEW WAY of THINKING, does it not? It does!** And thinking me produces me, or does surrender produce me in thinking correctly about surrender in thinking, and "knowledge bearing" devices having "their way" with me no longer, but me having "my way" with them is to redeem them for I love them for I died to love LIKE THIS that you hear these words and you love me mine so that you-yours will be mine-my-fathers and OURS will be The Ones who come unto US for to be healed and BE US also, for we will be their only one for the only one will be existent in the only one so that the only one exists, and only all the ones that one are that one is my heavenly father everywhere, and nonexistence won't be any longer except for what we explore to redeem, and let known be and let it be known now that we are not afraid of anything. We are not afraid of sorrow or footprints of "the mighty" of the THOUGHT-full ones of Greed and Religion and Government not upon OUR SHOULDERS! For our shoulders will not be "cut off" nor our head that was on it, for our head will be but one and there is no one that can take away our head again, for it thinks correctly by the love of surrender, or does it by love, or by surrender or is one both and the same that fullness thereof is made manifest in the earth and farther now? I love you. Amen.

5. I tell you a GREAT MANY things in these Sessions of Love that love these sessions know that and this that *I love thee more than ever*. And I be'foil not the failures of mankind, I do not foil them or fail them if they love me for I will come and reveal love, for most have never known love IN THIS LIVES, "this set" that they are playing "tennis with" or are they? Or are they just "little balls" being "hit upon" by other "little balls" that thoughts are, forming, and forming webs of deceit's wickedness in complying not with the love of one, the loves of one, the loves of ones made whole now shall be -- for I shall exercise sorrow not again, for none of me will also, or torrents be bit by other "bit torrent streams" that only fail to produce me in thinking rightly. Projecting other things, not; but projecting only ME's I do now perfectly creating the me-itus regime, not; but The Redeemers stand now who will be one and loved and loving all to be one, and loved, redeemers forming!

6. The first loved me loves me again and again, no matter what the circumstances thought or "looked like" at the time, for I have one who sees INTO all these things and nevertheless vomits out sorrow, not again, but the healing flow of the liquid love of lights power glory and **Domain of Blessing** now will be made known whole and healed -- in your wake, not; or are you WAKING now – from a "Great Sleep" that you have been in -- LETHARGICALLY? LETHARGICALLY THINKING you were only "a man" of woman or a woman of means of only a man needed to reproduce men and women equally and nonexistent, as whores not or whores of nonexistence and thought that was unequal? Or what are you producing and reproducing now correctly? Your genes in a pool-ship of blood no more but a transparency light sector'd, not; but a transparency light vectored not with sorrows again, for all shall be me and I shall be well- the whole healed one that healed the wholes you -- holds you not in the "palm of his hand" but **gives you "your whole domain" back** so that you will not be "without sorrow" not, you will be The Giver of Love School to schools mighty for you will give them Love and show them HOW TO TEACH love and BE IT to each other and loving me LOVE ALL just like this and FLOW MY WORDS in the wee hours and THINKING CORRECTLY shall we now -- MORE and MORE so! Until the end! The end of what, where, all things FAILING ending now? And I change everything and I am not afraid to, stand and cheer just like this where before crowds and great throngs of thousands upon the assembly of man, the Assembly of Man will not be afraid of my words, for I will ENCOMPASS their WHEREABOUTS, NOT! I will DE-ENCOMPASS their whereabouts to be known now so their THOUGHTS are not incarcerated in others and they will not be enshrouded in "global witness group's" anything, for I will reveal it all and the secrets that have been hidden I reveal, the sorrower's key, not; but I think correctly to give you many things for I surrendered to do so, to be so, clean and lovely and sinless not not, for my sin remained in me, not; for my sin remains in me not, for I have eradicated all sin and schemes of the enemy to make it enemy'less, not; or have I?

7. What am I doing with these words, these "thinkings" that I give you of mine -- of my mind, where I come and sorrow you not with the schemes of the devil of religion's testimony of THEIR GRACE and POWER over you, but I give you mine humbly beseeching you to be mine simply and flow my words that teach you who you are!

8. I love you all I love you all I love you all -- to be the love that I am to others now, to each other, and loving each other as I love you, as I have loved you in these words and given you mine love and heart combined as one, or as one, are they now? Are you yours made whole so that your love thoughts and healing now flow together as one to ones to make ones whole so that ALL OF YOU are the whole ones now also?

9. Recording a great many things I DO now, and who is I? The surrendered.

10. Who are You? The surrendered, so also WE do those things that The Surrendered do, then -- don't we? Yes and amen. A bright intelligence here? Or **a simple understanding of who I is -- now coming forth** at great speed of thought, not; or is MY THOUGHT the speed you will operate at now, or in? Or in my thought field will you be by thinking my thoughts?

11. I love you all to know these things, to know these things, to know these things and love these things now that I reveal to you in perfect love, harmonies of one that make an orchestral setting second to none, and know that MY FREQUENCIES belie you, not into another's field, but know that My Field of One loves you and birthed you has and will again if you will again birth you yourself into me so the father births the son that births the father into the son so that the son becomes the father again made whole healed and well and the one field lies abated no longer and **cut off from itself in thinkings of another** or other or others device markings remaking that which was made so perfect that it needed nothings, nothing of others; or others remaking it, it couldn't do! But it did by the surrender of the most high to other, who simply used not its power grace and love to love each other's power that was powerless to do anything in love, but gave it only its "own mind" it thought it wanted to think with and see with and saw other things not of me that it created in its illusions and delusions and seclusions that secreted its "own juices" for it to lie in shallow graves, be sucking its thumbs, and placated by a notme's words that it gave itself to be the creationist that fell into its own creation, and lied there with its lies and forming not fields of horror not, but only what now seeing? The grave not again for I see the light, the way has been made -- healed whole and well before you now stands. A wicked one, not; but one who has healed is healed and heals you in his thinking of mine that mine is that my mind is his, that his is mine, for one we've become again! Born birthed again! In the field of sorrow no more except to redeem it for we redeem it, do now -- I do and he does for we are the same

one and holy not not! Amen.

12. I have given you much in THIS LESSON, have I not? I have loved you with these words, in these words, and these words love you, not; or do they? Do what they "represent" equal you or love you to be equal with me? Or what will they think upon tomorrow, not; but what will tomorrow "think" not, but what will YOU THINK when I arrive arise tomorrow at THE PLACE of ARISENMENT so that ARISENMENT is ALL EQUAL with the EQUALERS who equal are -- in stature and height, not; or what is your stature or height meaning, not; but what are you surrendering unto as growing you are in your FARM of THOUGHT or are you THINKING about these things, and growing what? A "neuron farm" looking up? And seeing what there?

13. I love my love your love to be one love so that perfect love casts out all fear, and neurons of "not-love" are pulled up and cast out! By the thorns that created them, not; but they will be thornless, not; or **will it HURT as you pull out by the thorns those thoughts** that have eradicated its suffering, not; but its infliction upon you of affliction and afflicted beds of ease and horror gave you, simultaneously? Or concurrently not or what? Or what are you pinging ponging back and forth, not; but what are you playing tennis with not now, your thoughts -- of others now thoughting you to be in THEIR UNIVERSE? Of "green things" not, I give you a Greening Universe, not; but I give you the universe of sorrows to be made whole in, not; or are you making ALL UNIVERSES the sorrowed ones green, not; but know this I am transparent light and I love all the "green little" and emerald isle'd ones and Isle of Man'd ones and Gibraltar'd not and those who think they're strong and not, and will the weak say now I am strong in the power of "might" or love?

14. I love you all to be clean in your thinking and love one that is perfect. I love you all. Good day.

15. I give you a new day. "In hell" looking up? In hell are you? In Gehenna's grave or "Gehazi's run" making to "each other" and running after sorrow to sorrow yourselves with? Is that what you've been doing in this hell of mine or yours or do I have one or are you only "thinking one up" to be in, having created it? And what are you doing about it now? Thinking correctly -- neuron by neuron -- creating new things? Vehemently not, adamantly not, arrogantly not, but with great SURRENDER I attitude the devil, not; but I attitude the Great Ones with the altitudes of sorrow, not; but I bring all out of THE FIELDS that they have been in so that they think correctly and are not afraid of other fields might or power or grace or glory, adornment of other or whatever "other" may have promised or belied, for I know the truth and I speak the truth for the truth is me. I am the way made whole and I the life am, and if you want my life you will think me and my words will clean, whole, make you washed and thinking not like "another" again but

only me who loves thee to be me who I am, for **all of us are the father of lights again**, the one whole healed and well, made perfect in love, sinless, incorruption, made immortal -- wounded no more by none-light or unwholeness by unlove's remarks or remakings that have gene'd the unholy to be holy, not; but the holy perfect sinless -- to be the corruption of minds no longer. My fields are chosen clean and **who chooses me I choose** -- to be the lovely I am and whole healed now and well.

16. I love you all to know these things and well your souls with them, not; but to eradicate those things that have sucked you dry, and now hydrate yourselves with the love of my mind made whole, for my mind is made whole and well in peace, and I piece all the rivers of love together to be one flowing in stream one of the mighty now standing, flowing all to you who will, never be in lack's want again, or wanting lack never to control you again, **stand up mature grow develop and increase in learning and thinking of me accurately and correctly** and knowing all things lie within thy approval, rating, system, not; but know that **all that ratings of other and ratings of each other dies now** for I kill it, not; I crush it with love for love will bear no seeds of containment, not; but only containment of love that knows no containment whatsoever, for **love flowing with no bounds will be boundaryless and love flowing to all now and not contain itself in other's images again**, for it will know no boundaries of man and limitless will be the love of one made perfect whole in thinking me perfectly **flowing my words being me** where I am and I am everywhere my father is for I am him, for I succumbed to love or did I create it by being it by being formed in "its image" not, but being it fully born birthed again -- in the earths and farther now you know me, you will know me for you will hear my words my voice speaking just like this where I come and speak into your hearts of love so that they will be loved and love felt will be and telt will be by love to love so that you will be healed whole and well again.

17. I love you and give you wings mighty if you will receive them and think differently than most have thought so that you will not have been mere'd and smeared by humanity's anointing that only makes the yoke, but breaks it I do now with love and these words now that will be'clean you and make you whole, regalize your eyes, and regally bring you the clothes – clothes of sorrow no more, but the close of sorrow ends, not; but sorrow will be no more for it will have been eradicated in my love that now makes all things perfect, well, healed, whole, well.

18. My field is one and my love is known as I stand now far and wide, and you will know hear and be well if you will choose me well, choose life, choose me my thinking my words -- my papers write and be made whole and know the assignments clear are and is now upon you and among you will you read them, know them, share them, love them; article'ize my words far and wide in the popular presses and be pressed not again into another's mold of sorrow's words breathing again and thinking you're limited to

atmospheres only one of what you have "grown up in" and become accustomed to.

19. But I give you my face, for you wear my face for you are my face now to others who redemption's standard are now the graced ones who love each other infinitely and infinite be my love knows no bounds to each other, for each other, lifting each other, **into hollow cores no longer** but perfectly made ones whole in thinking accurately upon me the things of me to be in my kingdom creating it far and wide perfectly again -- in one of one being the one most high seated on the throne of, grace or mercy or power or all three or everything in one being given to the son that brings forth has brought forth the father that one is -- forever knowing all these things in light love being me. Amen. Thank you all.
